

Hendrix's Headlines

Weeks of October 28-November 8

Notes from Mrs. Hendrix

- Since it is 2nd quarter, I will only be stamping planners for those students who need the extra check. If you would like for me to continue checking your child's planner nightly please let me know.
- If your child scores less than 70% on a homework assignment they can redo the assignment to increase their score. I try to mark pages that can be redone, but if I miss a page that you see a low score on please feel free to let your child redo it and return it to school. I do not do this for tests.

This week in class:

Reader's Workshop: We will be finishing up some non-fiction supplements to the science text and then working on poetry.

Writer's Workshop: We will be looking at how to paragraph dialogue and then starting some persuasive writing.

Math: Lessons 36-40. Test on Thursday 11/7.

Social Studies: We are starting a unit on the Lewis and Clark Expedition. This is going to take about 3 weeks to complete. We will be reading a chapter book daily in class and will end the unit with a group project.

Science: Water cycle unit in Chapter 5 along with visits from Mrs. Raaf.
